POWX11861

DEMOLITION HAMMER 1700W

You use this stunning performer from Powerplus to break through concrete, brick and stone. With a 1700W motor and an impact force of 60 joules, your demolition works will progress rapidly. In no time you will have space for the construction of new pipes and cables. Thanks to the Hex connection you easily fix the drill in a drill chuck.

This strong demolition hammer obtains 1.900 strokes per minute. Thanks to the excellent anti-vibration system, you nearly feel any vibration and are able to work very comfortably. So using the POWX11861 is pleasant, even when you continue for a while. Its soft grip makes the device fit perfectly in your hand and the second handle provides even more comfort.

The Powerplus demolition hammer is supplied in a carrying case with wheels, so you can easily store and transport the machine. You will find one pointed and a flat chisel in the case too.
