The material mix of wood and metal runs through all furnishing areas – an exciting combination that is well worth seeing. In the current vintage style, the JAGGER attract all eyes and turn living rooms into a cosy and absolutely modern retreat. Due to the colour design in matt black, the luminaire sets a great contrast and provides for variety. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.
