POWX1347MC OSCILLATING MULTITOOL 300W

This highly versatile 300W multitool comes with no less than 36 accessories. That way you can take care of a multitude of small DIY jobs around the house such as sanding, sawing, scraping, polishing, rasping and cutting. The quick release system makes switching between accessories fast and simple. No special key or other tools required.

The oscillating multitool can be set at 6-different speed positions by turning the speed dial.

The result is that you always choose the perfect speed (from 15.000-22.000 min⁻¹) for the job. An extra side handle comes in handy for more grip, which also means more accuracy in your work.

A dust extraction element allows discharge of the sanding dust via a vacuum cleaner for better visibility on the working surface and a cleaner working environment. The POWX1347MC and its 36 accessories are nicely stored in a firm metal box for storage and transport.

Compatible with Bosch multitool accessories.

TECHNICAL SPECIFICATIONS POWX1347MC		Features	Box content	Symbols
Rated voltage-frequency	220-240V~ 50Hz	<ul style="list-style-type: none"> • Quick release system • Variable speed • Dust extraction • Soft grip • Power-on LED light • Auxiliary handle • Hook & loop system 	1x multi-use tool
