## POWC1030 HAMMER DRILL 900W

With this 900W Powerplus hammer drill you drill holes in various materials, but you just as well carry out light demolition works. Removing tiles in the bathroom is a piece of cake and you drill up to Ø13mm in steel, Ø26mm in concrete and up to no less than Ø40mm in wood.

The electric hammer drill reaches a rotation speed of 800min<sup>-1</sup> and stays a compact and easy to handle machine at the same time.

The slip clutch and adjustable auxiliary handle offer even more comfort while drilling. Changing your drill is easy thanks to the SDS PLUS type connection. Moreover, the aluminium gear housing contributes to the durability of this hammer drill.
