Technical datasheet

characteristics	norm	unity	norm
Wall thickness	Internal measurement	mm	3.6 (tiles) 4 (XL panels)
Side length, edge straightness and squareness of tiles	Internal measurement	cm	75 x 45 (tiles) 90 x 260 / 120 x 260 (XL panels)
Fire reaction	EN 13501-1	Classification according to EN 135011	C-s3, d0/DHG
Resistance to scratches	EN ISO 2409 Factory test		OK
Impact resistance	EN 13245-1	J	energy level (23,20)
Artificial Aging	ISO 4892-2	numerical rating	3-4
Water resistance	EN 14527	test conditions	no traces of water penetration
Resistance to detergents	EN ISO 26987 (2012)	test conditions	Tested: refrain from using mould stain remover
VOC emission	French VOC regulation		A+
Thermal conductivity	ISO 8302	R (m ² .K/W)	0.02
