SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier Scented candle:

223-03 – Baumkerzen 20-er weiß
223-02 – Baumkerzen 20-er rot
227-01 – Baumkerzen 20-er 10% BW natur

1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses: Scented candle. Use only as directed on label. **Uses advised against**: No further relevant information available.

1.3 Details of the supplier of the safety data sheet:

Supplier:	**K.C.B. Interlight Sp. z o.o.**
Street address:	Inowrocławska 4
Country/Postcode:	88-140 Gniewkowo; Poland
Telephone number:	+48 52 3558 207
E-mail:	interlight@kcb.pl

1.4 Emergency telephone number: 112

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture Mixture:

Classification according to Regulation (EC) No 1272/2008 (CLP) Mixture is not classified according to WE 1272/2008 (CLP).

2.2 Label elements

Supplemental information on the label:
Not applicable

Hazard pictograms:
Not applicable

Signal word:
Not applicable

Hazard statements:
Not applicable

Precautionary statements:
Not applicable

2.3 Other hazards

This mixture does not contain any substances that are assessed to be a PBT or a vPvB.

SECTION 3: Composition/information on ingredients

3.1 Substances: Not applicable

3.2 Mixtures:

The mixture does not contain substances classified in accordance with Regulation EC 1272/2008, which should be mentioned in the product safety data sheet. The Full Text for all H-Phrases and Hazard Statements are Displayed in Section 16.

SECTION 4: First aid measures

4.1 Description of first aid measures

Following eye contact: None expected during normal conditions of use. If product is used incorrectly, in case of exposure to eye make sure to remove any contact lenses from the eyes before rinsing. Promptly wash eyes with plenty of water while lifting the eye lids. Continue to rinse for at least 15 minutes. Get medical attention promptly if any symptoms occur after washing. **Following inhalation: :** None expected during normal conditions of use.

Following skin contact: None expected during normal conditions of use. If product is molten and used incorrectly, in case of exposure to skin immediately cool with cold water. Get medical attention if any symptoms occur after washing.

Following ingestion: None expected during normal conditions of use. If product is used incorrectly in case of exposure to ingestion get medical attention promptly if any symptoms occur.

4.2 Most important symptoms and effects, both acute and delayed No information available

4.3. Indication of any immediate medical attention and special treatment needed

If any symptoms persist seek medical advice and show the msds or label. **Notes for the doctor:** Treat symptomatically.

SECTION 5: Firefighting measures

5.1 Extinguishing media Suitable extinguishing media: foam, carbon dioxide, dry powder, water spray Unsuitable extinguishing media: do not use water in a jet

5.2 Special hazards arising from the substance or mixture

Thermal decomposition or combustion may liberate carbon oxides, carbon dioxide.

5.3 Advice for firefighters

Special Fire Fighting Procedures: Wear full protective clothing and self-contained breathing apparatus. **Protective equipment for fire-fighters:** Keep containers cool by spraying with water. If possible remove containers from the danger zone. Prevent from spreading or entering drains, ditches or rivers. Dispose of released and contained material in accordance with local regulations.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

For non-emergency personnel:

Removed from the danger area all persons not involved in the emergency. If necessary, order the evacuation. Avoid contact with skin, eyes. Avoid inhalation of vapour. Provide ventilation.

For emergency responders:

Wear protective clothing as described in Section 8.

6.2 Environmental precautions

Do not discharge into drains, water courses or into the ground. Local authorities should be advised if any exposure to the environment occurs.

6.3 Methods and material for containment and cleaning up
Prevent further leakage or spillage if safe to do so. Sweep up and shovel into suitable containers for disposal. Contaminated material should be disposed of in compliance with the provisions set forth in section 13.

6.4 Reference to other sections
See Section 8 for information on personal protective equipment. See Section 13 for disposal information.

SECTION 7: Handling and storage

7.1 Precautions for safe handling Protectivemeasures:
Use personal protective equipment as required (section 8). Never return spills in original containers for reuse. Keep out of the reach of children. When using avoid contact with eyes, skin. Keep away from heat, sparks, flame and all other sources of ignition.
Advice on general occupational hygiene:
Wash hand before and after work with product. Contaminated clothing should be washed before re-use. Avoid spillage.

7.2 Conditions for safe storage, including any incompatibilities
Never leave a burning candle unattended, near anything that can catch fire. Place upright on a flat heat resistant non-electrical surface, away from draughts. Keep wick trimmed to 1 cm. Do not move or tip while lit or before liquid hardens. Glass will be hot during and after use. Stop when less than 1cm of product remains. Do not use if glass is damaged. Cool down and discard after use. Containers should be protected from overheating. Keep away from heat, sparks, sunlight, open flame and smoking. Keep out of reach of children.

7.3 Specific end use(s)
Candle

SECTION 8: Exposure controls/personal protection

8.1 Control parameters
International Limits Values

Substance	CAS No:	Basis / Country	Short Time Value [mg/m³]	Short Time Value [ppm-Calculated]	Time Weighted Average Exposure Limit [mg/m³-8 h]	Time Weighted Average Exposure Limit [ppm-Calculated]
Paraffin waxes and Hydrocarbon waxes	8002-74-2	Belgium	-	-	2	-
		Denmark	-	-	2	-
		Finland	-	-	1	-
		France	-	-	2	-
		Poland	-	-	2	-
		European Union	-	-	-	-

8.2 Exposure controls Appropriate engineering controls
Promptly remove any clothing that becomes contaminated.
Individual protection measures, such as personal protective equipment Eye/face protection Eyes protection not required under recommended conditions of use.
Skin protection:

Hand protection: Hand protection not required under recommended conditions of use.
Other: Wear protective clothing. Contaminated clothing should be washed before re-use.
Respiratory protection: No respiratory protection is required under recommended conditions of use.
Environmental exposure controls
Local guidelines on emission limits for volatile substances must be observed for the discharge of exhaust air containing vapour. Do not discharge into drains, water courses or into the ground. Local authorities should be advised if any exposure to the environment occurs.

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance	solid (20^{0}C), liquid (>60^{0}C)
Colour:	diverse
Odour	diverse
Odour threshold	No data available
pH	No data available
Melting point / freezing point	No data available
Initial boiling point and boiling range	No data available
Flash point	No data available
Evaporation rate	No data available
Flammability (solid, gas)	No data available
Upper/lower flammability or explosive limits	No data available
Vapour pressure	No data available
Vapour density	No data available
Relative density	No data available
Solubility(ies)	No data available
Partition coefficient: n-octanol / water	No data available
Auto-ignition temperature	No data available
Decomposition temperature	No data available
Viscosity	No data available
Explosive properties	No data available
Oxidising properties	No data available

9.2 Other information:

No data available

SECTION 10: Stability and Reactivity

10.1 Reactivity

Not reactive under normal conditions of storage and use.

10.2 Chemical stability
Stable under recommended storage conditions.

10.3 Possibility of hazardous reactions
No further relevant information available.

10.4 Conditions to avoid
Keep away from heat, sparks, sunlight, open flame and smoking.

10.5 Incompatible materials
No further relevant information available.

10.6 Hazardous decomposition products
Under normal conditions of storage and use, hazardous decomposition products should not be produced.

SECTION 11: Toxicological information

11.1. Information on toxicological effects Acute toxicity
No data available for the mixture.

Skin corrosion/irritation
Based on available data, the classification criteria are not met.
Serious eye damage/irritation
Based on available data, the classification criteria are not met.
Respiratory or skin sensitisation
Based on available data, the classification criteria are not met.
Germ cell mutagenicity
Based on available data, the classification criteria are not met.
Carcinogenicity Based on available data, the classification criteria are not met.
Reproductive toxicity
Based on available data, the classification criteria are not met.
STOT-single exposure
Based on available data, the classification criteria are not met.
STOT-repeated exposure
Based on available data, the classification criteria are not met.
Aspiration hazard
Based on available data, the classification criteria are not met.
Additional information
No further relevant information available.

SECTION 12: Ecological information

12.1 Toxicity
No data available for the mixture.

12.2 Persistence and degradability
No further relevant information available.

12.3 Bioaccumulative potential
No further relevant information available.

12.4 Mobility in soil
No further relevant information available.

12.5 Results of PBT and vPvB assessment
This mixture does not contain any substances that are assessed to be a PBT or a vPvB.

12.6 Other adverse effects
No further relevant information available.

SECTION 13: Disposal considerations

13.1 Waste treatment methods
Disposal should be in accordance with applicable regional, national and local laws and regulations.

SECTION 14: Transport Information

	ADR/RID	ADN/ADNR	IMDG	IATA
14.1. UN number	Not applicable	Not applicable	Not applicable	Not applicable
14.2. UN proper shipping name	Not applicable	Not applicable	Not applicable	Not applicable
14.3. Transport hazard class(es)	Not applicable	Not applicable	Not applicable	Not applicable
14.4. Packing group	Not applicable	Not applicable	Not applicable	Not applicable
14.5. Environmental hazards	NO	NO	NO	NO
14.6. Special precautions for user	Not applicable	Not applicable	Not applicable	Not applicable
14.7. Transport in bulk according to Annex II of Marpol and the IBC Code	Not applicable	Not applicable	Not applicable	Not applicable

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture
Commission Directive 2000/39/EC of 8 June 2000 establishing a first list of indicative occupational exposure limit values in implementation of Council Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work.
Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH),
Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, andamending Regulation (EC) No 1907/2006 with amendments.
2014/955/EU: Commission Decision of 18 December 2014 amending Decision 2000/532/EC on the list of waste pursuant to Directive 2008/98/EC of the European Parliament and of the Council Text with EEA relevance

15.2 Chemical Safety Assessment
No Chemical Safety Assessment has been carried out for this mixture by the supplier.

SECTION 16: Other information

Classification according to Regulation (EC) No. 1272/2008 Mixture is not classified according to WE 1272/2008 (CLP).

Relevant H-statements (number and full text)

Not applicable

Additional Information

The information provided in this Product Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as guidance for safe handling, use, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text. No safety data sheet is required for this product according to Article 31 of the REACH regulation. This product safety data sheet was created on a voluntary basis.
