POWERPLUS

POWC40200

PALM SANDER 130W

You smoothly move this compact Powerplus palm sander in the smallest corners and edges of your plinths and walls. Its flat-iron shaped 140 x 140 x 80 mm sanding plate is perfect for sanding or polishing in these hard-to-reach places. You work at a max. oscillating speed of 28.000min⁻¹ and with 130W power. Turn on the lock-on button and get started without still having to push the button one time.

The lightweight and soft grip handle provide a pleasant, comfortable feel in the hand. Changing sandpapers is easy too, thanks to a practical hook & loop system. You don't have to worry about dust while sanding with this POWC40200, because the dust adaptor permits connection to a vacuum cleaner. Moreover it is equipped with a dustproof switch and a dust extraction vacuum.
